

I am alarmed by Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. Such an act, if allowed to proceed, will fall into the category of direct electioneering by a media giant and is against both the letter and spirit of the law. One would expect such disregard for the law in non-democratic countries and regions of the world, but not here in the greatest democracy on earth!

The FCC should NOT ALLOW this blatant infraction of the democratic electoral process to take place.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Media giants need to measure up to high moral standards that serve the WHOLE community, not just the bidding of a radical few.
Thank you.
